

STANDARD REQUIREMENT FOR

BEE KEEPING

As bee keeping is considered a part of animal husbandry, general principals of animal husbandry shall also apply on bee keeping. In addition following requirements shall also be met:

- Bee hives shall be made of natural materials free from toxicity.
- Bee hives shall be placed in organically managed farms and/ or wild natural areas, away from the fields or areas where prohibited substances have been used.
- Veterinary medicines/ antibiotics shall not be used in bee keeping and no repellents consisting of prohibited substances be used when working with the bees.
- For pest and disease control and for hive disinfection use of caustic soda, lactic, oxalic, acetic, formic acids, sulphur, etheric oils and Bacillus thuringensis are allowed.
