सेवामें / To,

Head / Incharge
Regional Councils (Annexure-1 Enclosed)

विषय / Sub: Pesticide residue testing reports under PGS-India programme- regarding

महोदया / Sir,

To comply the guidelines of certification as per PGS-India Certification system, RCs have to undertake random pesticide residue testing each year and the results are to be placed on the PGS website. Such provision is there in PGS India Webportal under RC Login Credentials. Similarly, RCs also need to communicate the residue testing result to group and suggest further to undertake corrective action and sanctions against defaulting farmer members. This may have an impact on the PGS certification status of the Local Group as a whole as per situation and guidelines.

It is the responsibility of RC to communicate the residue test reports to PGS-India Secretariat and Zonal Councils time to time. As per PGS-India guidelines, sanctions can also be imposed on local Group as a whole by the Regional Councils for repeated non-compliances or violations of standards. Accordingly, it is requested to submit the reports on the subject cited above as per prescribed format (Annexure -2 enclosed) on or before 12th December, 2022

Thanking You

भवदीय / Yours faithfully

(डॉ गगनेश शर्मा / Dr. Gagnesh Sharma)
Executive Secretary (PGS-INDIA) &
Director (I/c) / प्रभारीनिदेशक
